CONTEMPORARY  
JEWELRY AND  
FINE CRAFTS

**Spring is Here!!!**  
**Bringing new energy, new ideas, new artists....**  
**and new pieces!!!**

## **Stone of the Month: Blue Chalcedony**

Chalcedony offers so many positive attributes. It is known as a nurturing stone which promotes good will and enhances group stability. Additionally, blue chalcedony holds creative energy, opening the mind to new ideas and fostering the ability to look forward optimistically.

## **First Friday Happenings - April 7th**

Our theme for April is Pick A Reading Partner, in collaboration with the Ballston Spa elementary schools. We will be hosting community readers here in the shop including one of our favorite First Friday Fanatics, Lanie Kosover, reading Miss Rumphius and our very own, Ania, reading some of her favorite poems! Oh...we'll have yummy treats, of course, too!!!

### Earrings for Everyone!

We are working on a new display in the shop featuring one-of-a-kind earrings! I'm enjoying using lots of unique stones from all around the world to create these earrings. Make sure you stop by to see if one of these pairs is right for you!

### New photography in the shop by Eric Seplowitz, CLP Design Studio

You must come in and see our new, delightful display of Eric's ready-to-hang, garden-themed, framed prints. The prints are bright, colorful and showcase some of his favorite blooms.

## Online store now open!

Now you can shop online anytime! Check back often as we are always adding new pieces.

### Come See Our New Spring Window

Thank you to Ania for her help in creating our spring-themed window. We always have fun planning our window design and I just love the cute little bunnies!!!
